Race Day: Weather Information

The race takes place rain or shine. We are watching the weather closely with Durham Law Enforcement and City Officials. Any updates beyond that (such as a delay or cancellation), we will communicate to runners via email and social media, if a decision needs to be made. The safety of the runners and volunteers is our primary concern! To stay up-to-date, please keep an eye on social media and your email inbox for the latest information from us.
