About the Virtual Race

A virtual race means that you can run the 5 Mile or Half Marathon on your own time and wherever is convenient for you. Plus you'll still receive cool swag and the bragging rights that come along with participating in Durham's tastiest road race!

There's no need to choose a distance when registering! Run anytime between October 18 and October 25 – that's eight days of celebration for eight years in the Bull City! Upload your distance and time results on our website to see how you stack up to the competition. Then attend the in-person Packet Pick-Up on November 7.

When & Where

The best part about a virtual race is that YOU decide what your race day looks like!

Run anytime between now and October 25. Are you a Saturday morning early bird? Sounds great! Is a Tuesday afternoon more your speed? Go for it! Once you've run, you'll be able to share your results from October 18 - 25.

With the Bull City Race Fest operating as a virtual event this year, there's no official course. **Choose whatever your running shoes fancy!** Whether it's fast and flat, tackling some hills, or a scenic run through Durham, the sky's the limit!

Race Swag

The race might be virtual - the swag is anything but!

Every participant of the virtual 2020 Bull City Race Fest will receive a tee, tank showcasing the best Bull City has to offer, a medal that also serves as a bottle opener and a bib. Check 'em out below!

Packet Pick-Up

Who says a virtual race has to be boring? Not us! We'll host an **in-person Packet Pick-Up on Saturday, November 7** where you can snag your swag and support the local Durham community – all while safely socially distancing of course!
