START

When lining up at the start line, please be mindful of where you are lining up.

Participants who plan to walk or do a walk-run combination should line up toward the back of the corral.

At a Hydration Station, try to keep moving while grabbing your hydration. If you need to stop, look behind you before stopping or move to the side.

For the safety of all participants, faster runners should stay on the left of the course and walkers stay on the right.

To help keep the course clean, please dispose of your cup/trash in the dedicated waste cans near the hydration stations.

If you're running as a group, please only run 2 abreast to ensure there is enough space for other runners.

FINISH

For your safety and the safety of others, please keep moving through the finish line.
